FOR IMMEDIATE RELEASE

IMPACT NETWORKING, LLC NAMED TO 2016 CRN FAST GROWTH 150 LIST

LAKE FOREST, IL (August 12, 2016) — Impact Networking, LLC has been named to [The Channel Company's](#) 2016 [CRN® Fast Growth 150](#) list. The list is CRN's annual ranking of North America-based technology integrators, solution providers and IT consultants with gross sales of at least \$1 million who have experienced significant economic growth over the past two years. The 2016 list is based on gains in gross revenue between 2013 and 2015, and the companies recognized represent a total, combined revenue of more than \$25,637, 241,944, with Impact growing at a steady 27% year-over-year rate.

“Growing sales numbers go hand-in-hand with a growing company,” Impact Chief Executive Officer Frank Cucco said. “We continue to expand our team and solutions, such as our recent focus on broadening our Managed IT services and offerings, and our new partnership ranking with Kofax. We are honored to again be named on the Fast Growth 150 list with other industry leaders, and look forward to seeing our name on this list for years to come.”

Impact is currently working towards a revenue goal of \$100 million by 2017, with plans to add more locations in the near future.

“The companies on our 2016 Fast Growth 150 list are growing at an incredible rate, establishing themselves as clear leaders in today's IT channel,” said Robert Faletra, CEO of The Channel Company. “Their rapid expansion in a climate of economic uncertainty and unprecedented technological advancement is especially impressive. We congratulate each of the Fast Growth 150 honorees and look forward to their continued success.”

The Fast Growth 150 list is highlighted in the August issue of CRN and can be viewed online at <http://crn.com/fastgrowth150>.

About Impact Networking

Impact is a fierce competitor in the Business Process Automation space. Founded in 1999, Impact employs over 280 people at its 11 Midwest locations. Our Account Managers and Consultants interact with Directors and C-Level stakeholders to assess the role of information and document workflow in the enterprise. Utilizing our in-house expert teams, we implement strategic, cost-effective and streamlined solutions.
