Despite this, we scored higher in nearly every category. I have no doubts that this success should be attributed solely to our employees. They make Impact a great work environment for their colleagues and an attractive culture for job seekers."

"Our unprecedented employee-centric Reviews provide job seekers a real behind-the-scenes look into these workplace cultures. They are deeply rooted in a philosophy of openness and reflect the general trend we see in the increasing importance of transparency for both employers and employees." said Kim Peters, leader of Great Place to Work® Reviews.
